CONTRACT FABRICS

HELLO THERE.

TESUTI  
CONTRACT FABRICS

## WHO WE ARE

TESUTI belongs to *GRUPO GINESTA* which is dedicated to the production and commercialization of high-end textiles. For example our FR fabrics produced with *FR PES* and *TREVIRA CS* or also finest Spanish wool fabrics for men's fashion.

### **Commercial Department**

Our commercial division has the best human capital with an excellent know-how learned from over 33 years of experience. Our main knowledge is based on the contract fabric industry.

### **Production Department**

The holding group is located in Sabadell, which has an extended industrial history, mainly textile. The whole group is member of *GREMIO DE FABRICANTES TEXTILES* which is the oldest guild of Spain.

## CONTROL IN EVERY PROCESS

### High quality providers

Our yarn providers have been selected and classified as A1 provider for our FR fabric production, dedicated to the finest hotels and awarded designers.

### Production control

Our workforce checks every detail of each production stage, from the warping phase until the packaging.

### Stricter control

For our international customers we have established a stricter process of control which ensures the quality through the different courriers. Furthermore we reinforce the package.

### Stock service added value

Since we always have on stock every fabric shown in our collection *SIMPLICITY*, we are able to check the quality in time before the fabrics have to be sent to the client.

## SPECIAL FABRICS

### ACOUSTIC

We produce *TREVI-T* fabric with a great consistency and acoustic results which make it perfect for soundproofed facilities such as TV, radio or theater facilities.

### BESPOKE

Due to our machinery and lab facilities we are able to develop all kind of fabrics our clients could imagine. Also we can carry out special analysis (colour, brightness, resistency, etc.).

### BIOSANITARY

Like our *PLANA SONIA BIO*, special fabric for hospitals which has been developed with *TREVIRA CS BIO*. We also offer other qualities for those who don't require *TREVIRA CS* quality.

### DIGITAL PRINTING

*TREVIRA CS* textile with excellent results after printing due to the chemical structure developed by *TREVIRA*.
